About us

Well designed signage can have a positive impact on visitors, students and staff.

Mödel has been supplying signage to the education sector for many years. We understand how to get the best results for our customers and the importance of delivering signage schemes that offer value for money.

Our signage systems provide clear and consistent information, are flexible and robust. We also offer tailored maintenance contracts that will ensure your signage remains in good condition for longer.
All of our staff are enhanced DBS checked and have undertaken specific site safety training for working in education environments.

If you are thinking of undertaking a signage project, no matter how large or small and need help, speak to one of our team on 08000 242481 or we will be happy to visit.

Entrance Signs

An entrance sign is the first impression of your school so it's important to get it right.

Portraying your brand, values and vision is important and we have the expertise to help you create entrance signs with impact and that will reflect the ethos of your school.

If you need post mounted or wall mounted signs, we can offer a number of standard solutions that can be tailored to your brand guidelines and budget.
If you are considering updating your image, our design team can work with you to create a truly bespoke solution.

To keep your signage looking good for longer, we also offer specialist finishes such as anti-graffiti and UV protective coatings.

External Wayfinding

Directional signage is a necessity, especially on larger campuses.

Mödel offers a range of products to suit all budgets, from modular systems that can be customised to your requirements through to design led solutions.

As part of our service, we are happy to visit to gain an understanding of your school layout and how users navigate the site.

We can then design a scheme for you and advise on the type of signage that would best suit your requirements.

Our external products are built to be durable as well as cost effective and easy to maintain.

Internal Signage

Internal signage can make your school feel inclusive to all.

If you are trying to improve navigation through the building, highlighting your facilities and offering, or conveying the core values of your school, we can work with you to find the best possible solution for your needs.

We offer a wide range of internal products, perfectly suited to the school environment.

For specialist requirements, such as signing for the visually impaired or students with special needs, we have products and ideas to help improve their experience at school.

Supergraphics

If you want to create an immediate impact around your school, supergraphics are the perfect solution.

Supergraphics are cost effective, quick to install and can change a space instantly. Manufactured from washable, specialist vinyl with a protective matt coating, they are hardwearing, perfect for any communal area.

Whether you are looking to convey school values, create subject specific messages and branding, or just want to enliven a dull space, supergraphics are worth serious consideration.

Our Service

Design
Our in-house design team can assist you with design concepts and layouts and offer ideas and advice.

Wayfinding
We are not just a sign company, we also specialise in the design and delivery of internal and external wayfinding systems. We have completed wayfinding projects for many schools, special educational needs, colleges and universities across the UK.

Survey
If you know what you want but are unsure of what material, size, type or how to fit, then let our site survey team help. We can visit your school and do all the hard work for you.

Installation & Maintenance
Whether you have a one off requirement, a nation-wide rollout or signs in need of cleaning or repair, our installation and maintenance teams can help.

Free Advice & Guidance
If you need new signage and you really don't know where to start, call us and speak to one of our sign specialists. We are always more than happy to help.
